

Eportfolio Peer Review Exercise

Instructions: Find a computer that has at least one empty review sheet next to the keyboard. Review the portfolio on that computer, then answer the following questions. Use the back side of this paper if you need more room for your comments.

1. Does the website contain an introductory page, a résumé, and at least five artifacts? YES / NO

If not, list the missing elements:

2. Does the portfolio include reflection and commentary on each of the five artifacts? YES / NO

Identify at least one spot in the portfolio where the reflection/commentary could be improved. What could the author do to strengthen this part of the portfolio?

3. Identify at least one aspect of the website's visual design that could be improved. What could the author do to strengthen the color, images, typography, etc.?

4. List any HTML/CSS coding errors that need to be fixed. (Use the back of this sheet if you need more room.)

When you are done, place your completed review sheet underneath the computer's keyboard, then find another computer with an empty review sheet. Complete at least four reviews of your peers' work.
